

Motor Oil & Lubricants

## REXOIL FULL SYNTHETIC

### MOTORCYCLE 4T 10W-40 SN JASO MA2

**REXOIL MOTORCYCLE 4T 10W-40 SN JASO MA2** is a high performance motorcycle oil blended with synthetic base oils, esters and high quality additives for four-stroke, air or water cooled engines.

Thanks to its special formula, it has low volatility, reduces oil consumption and provides corrosion protection.

#### **Properties**

- Reduces internal engine friction even under the most arduous riding conditions.
- Optimized for lubrication systems where engine, gearbox and clutch are integrated (wet sump).
- Provides excellent engine performance in air and water cooled engines even at high temperatures.
- Due to its high viscosity index property, creates homogenous film layer and prevents clutch slippage and premature disk wear.
- Balanced frictional properties give precise clutch control.
- Provides fuel economy by excellent viscosity control property.
- Keeps the engine's most sensitive parts clean thanks to its advanced detergent and dispersive additives.
- Have excellent low-temperature flow characteristics can help minimize engine wear during startup.

#### **Approvals and Specifications**

- API SN/SM
- JASO MA2

Motor Oil & Lubricants

### Technical Specifications

Test	Method	Typical Properties
Colour	Visual	Blue florescent
Viscosity Index	ASTM D2270	Min. 160
Flash Point, °C	ASTM D92	Min. 210
Pour Point, °C	ASTM D97	Max. -33
Kinematic Viscosity (100°C), [cSt]	ASTM D445	12,5-16,3
